

"DOROTHY ARNOLD" ON FLY LEAF OF WOMAN'S BIBLE

San Antonio, Texas, Dec. 8.—The name of Dorothy Arnold, written on the fly-leaf of a Bible in possession of a young woman arrested here last night, caused the police today to investigate whether the Bible had any connection with Dorothy Arnold, the long missing New York girl. A slip of paper had been pasted over the name.

The young woman arrested here was taken into custody along with a man, giving the name of Fred J. Benson. They were held in connection with an investigation of pawn tickets to alleged stolen goods. The couple had been in Mexico for some time.

New York, Dec. 8.—John S. Keith, counsel to Francis B. Arnold, father of the missing Dorothy Arnold, said today that he placed no value whatever in the San Antonio investigation.

"The girl who was arrested certainly is not Miss Arnold," he said.

BIGBY BOYS TRIAL IS SET

O. L. and Roy Bigby and Cy Brown, a negro, who have been held by the authorities since the shooting of Pharaoh Anderson near Cowarts, about a week ago, will be given a preliminary hearing before Probate Judge A. C. Crawford tomorrow morning at 10 o'clock.

Jack Holmes, a negro, who is charged with the actual shooting of Anderson escaped, but the two Bigby boys, who are said to have been present when the difficulty occurred, were arrested by the officers charged with complicity in the killing. Cy Brown, a negro, who was also present, was arrested on similar allegations. Warrants were sworn out by Sheriff Hay charging murder. Dixie Anderson, a brother of the dead man, has offered a \$100 reward for the arrest of Jack Holmes.

HALE, COLUMBUS BANKER ENTERS PLEA OF GUILTY

Columbus, Ga., Dec. 8.—A. W. Hale, former cashier of the Third National Bank here, pleaded guilty in the United States district court here today to the charge of embezzling funds of the institution. Sentence was deferred until tomorrow.

MEAT INJURIOUS TO THE KIDNEYS

Take a Tablespoonful of Salts if Back Hurts or Bladder Bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, and stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

Get Rid of "Scare Sickness." You fellows out there, both here in town and the country, suffering from alleged "scare sickness" get rid of it. Quit talking depression, there is none except you want it to affect you.

HABEAS CORPUS WRIT FOR LEO M. FRANK TODAY

Atlanta, Ga., Dec. 8.—Today is the date set for the presentation of the writ of habeas corpus that will demand the presence of Leo Frank before Judge Hill for resentencing to death.

The exact time of the doomed man's resentencing, however, will not be made public. It is probable that he will be brought into court either late this afternoon or early Thursday morning. He will be resentenced by Judge Hill, who heard two motions for a new trial submitted by Frank's attorneys and who overruled both.

Announcements were made in the headquarters for Frank's defense Tuesday that counsel was contemplating the advisability of again bringing the case into the Supreme Court of Georgia and the federal courts on grounds that Frank was not given a fair and impartial trial on account of the attitude of the crowds that thronged the court house.

In event they decide upon this action Frank's attorneys will plead with the state supreme court for a writ of error on which they might carry their argument to the United States supreme court. If the state court refuses the argument will be submitted to the Washington court in exactly the same manner the last motion was carried there.

This action would be based largely upon the opinions of Judge L. S. Roan who, upon refusing to grant a new trial, declared he did not know whether Frank was guilty or not, and of Justice Holmes, who stated his opinion that he did not believe Frank had a fair trial.

Attorney Harry Alexander, representative of counsel, is still in Washington, awaiting word from his associates in Atlanta.

Company of French infantry passing through a village south of Arras, on their way to the front to the relief of the French troops who have been in the trenches for many days.

NEW STEEL HAS STRENGTH THAT IS UNBREAKABLE

Chicago, Dec. 8.—Way may be ended, skyscrapers may pierce the heights never attempted and all manner of structures may be undertaken on a grander scale by means of a new steel tensile strength many times greater than that of the present product, it was said here today.

Professor A. A. Michaelson, winner in 1912 of the Noble Prize for Physical research, exhibited before the National Academy of Sciences in session here a bar of new steel and subjected it to tests which, he said, proved that continuation of the treatment might produce a metal of unlimited cohesion. Fortifications built of that metal, he said, might be made of indestructible so that it would be useless to bombard them, thus achieving a long step toward the elimination of warfare.

Peaceful projects might be carried far beyond the scope within which they are held now by the limit of the resistance of steel.

WILSON SHAKES HANDS WITH VERA CRUZ HERO

Washington, Dec. 8.—President Wilson delayed his departure for the capitol to deliver his annual message for a new minutes today to shake hands with Edward A. Gisborne, of Boston, who lost a leg during the fighting at Vera Cruz. The president has signed an executive order for the appointment of Gisborne to a government position without regard to civil service rules.

Austria and Germany to Take Much Cotton.

It is said that Austria and Germany are prepared to take 75,000 to 150,000 bales of cotton per month as soon as the matter of marine insurance can be adjusted.

COTTON EXPORTS ARE INCREASING

Washington, Dec. 8.—Cotton exports grew considerably during November when 760,349 bales were sent abroad according to announcement of the census bureau today. That was more than was shipped during September and October combined and brought the total for the first 3 months of the cotton year to 1,494,517 bales.

The export of cotton, however, is far from normal, at last year's exports for the three months were 4,206,581 bales, November's exports last year were 1,501,259 bales.

Imports during November were 11,771 bales.

IN MEMORIAL.

On September 20th last the Angel of Death visited the home of Rev. Z. Deese and claimed the spirit of his wife, Sister Rachel Jane Deese.

Sister Deese was born July 14th, 1855, joined the Missionary Baptist church in July, 1875, and was married to Bro. Z. Deese December 6th, 1877. Sister Deese was known as one of the best women in all this country. She was the mother of 9 children, 7 of whom survive her. She was a loving and sympathetic wife, a patient and sacrificing mother and a good neighbor.

She was a member of the Mt. Ararat Baptist church and of the Webb Chapter No. 81 Order of the Eastern Star.

She will be greatly missed in her home, church, community and order of the Eastern Star.

Therefore be it resolved, —
1 That we, the Order of the Eastern Star do extend to Bro. Deese and family our deepest sympathy.

2 That a copy of these resolutions be spread on our minutes.
3 A copy be sent to Brother Deese.

4 And a copy sent to The Dothan Eagle for publication.
Signed by,
Fannie Whitten,
Marie Melton,
Alto Whitten.

ARTILLERY SENT TO BORDER LINE

San Antonio, Tex., Dec. 8.—Brigadier General Tasker H. Bliss commanding the southern department of the United States army, left here tonight for Naco, Ariz., to take personal command of the border patrol there and "await further orders."

Before leaving Fort Sam Houston, General Bliss ordered three batteries of field artillery stationed at El Paso to proceed to Naco to reinforce the fourteen troops of the 9th and 10th Cavalry now there. Orders also were issued to other cavalry troops to be in readiness to proceed quickly to Naco.

General Bliss refused to discuss his orders from Washington, other than to state that he had been directed to assemble such troops as he considered necessary to protect American citizens and property against the firing across the international boundary by Mexican forces engaged in Naco, Sonora.

Artillery Ordered Out.

El Paso, Tex., Dec. 8.—General J. J. Pershing tonight received orders from department headquarters at San Antonio, Texas, to dispatch Batteries A, B and C of the 6th Field Artillery to Naco, Ariz., immediately.

The battalion under Colonel F. St. J. Grogg, is expected to leave for the Arizona border at daylight.

BANKRUPTCIES FOLLOW NEW GARNISHMENT LAW

Valdosta, Ga., Dec. 8.—A general enforcement of the new garnishment law passed by the last Georgia legislature is causing a host of small debtors to take refuge in the United States Bankruptcy law. The object of the garnishment measure was to enable creditors to collect amounts from day laborers making more than \$1.25 per day. Under the law garnishment proceedings may be instituted and the daily wages may be taken to cover accounts. To escape the garnishment law many day laborers are going into bankruptcy and securing homestead exemptions. Nearly one hundred cases of this sort from a neighboring town have been filed with the United States deputy clerk in Valdosta within

NO ACTUAL PAIN FROM STARVATION; PURELY IMAGINARY

Chicago, Dec. 9.—Hunger, even to the point of death by starvation, causes little pain other than psychic, according to Dr. A. J. Carlson, of the University of Chicago, who today related to members of the National Academy of Sciences conclusions he had drawn from five days of voluntary fasting.

This fasting period and other experiments, he said, have caused the conclusion:

"That hunger is caused by the contraction of the stomach muscles close to the esophagus.

"That these contractions can be reduced by psychic means.

"That tonics and bitters ordinarily given to increase the appetite have no effect on the stomach, but tend to decrease rather than increase the appetite.

"That liquor and tobacco decrease the appetite."

"The pain caused by starvation is almost purely imaginary," said Dr. Carlson. "If one were able to adjust his mind to conditions, to forget that one was slowly starving to death, death would be almost without pain. We found there was no actual pain after the third day."

On The Pie Side.

Former Attorney General Philander Knox has gone into the Thaw case, contending that Thaw is insane and ought to be in the asylum for the insane. It is probable that Mr. Knox could have been employed to take the other side.—Valdosta (Ga) Times

ATHLETICS AND HORSE RACING XMAS

Horse Racing, Motorcycle and Bicycle Racing, and Field Day Exercises at Fair Grounds Christmas Day.

A campaign is being inaugurated from the office of Secretary Fred H. Thomas, of the Southeast Alabama Fair Association, for field day exercises and horse racing at the fair grounds Christmas day, and invitations are being issued to those whom it is thought will be likely to participate in the program.

Indications are that there will be a liberal response, and that enough entries will be secured to make the day one of interest to all lovers of athletics and horse racing. The program will offer a great variety of attractions.

The following letter has been issued:

Big Day Planned
"We are making arrangements to have a good time on the Dothan Fair grounds Christmas afternoon, will advertise it in the papers, posters, etc., in the surrounding country, and feel sure that we will have a good attendance. The general admission will be 25 cents, children 15 cents, automobiles and trucks will be admitted free. We will make no charge for our grand stand seats on this occasion."

"We will have running, pacing and trotting races, motorcycle and bicycle races, and pony races, and a full program of field sports. In the sports we will have the winners of the different county schools compete, the entries in all races will be free, and the purses will be a percentage of the money received at the admission gate."

"The races will be made up from the horses and riders of contestants that are on the ground at that time, and we are anxious to have you with us, we can assure you that we will do all in our power to make it pleasant for everybody."

Can we hope to have you with us on this occasion?"

CHURCHES TO PRAY FOR WORLD REVIVAL

Richmond, Va., Dec. 8.—A commission on evangelism of the Federal Council of the Churches of Christ in America adopted resolution here today asking all churches unite in a prayer for a "world revival of true religion."

Various officials and committee reports will be submitted to an opening session of the annual convention of the Federal Council here tomorrow. Immigration problems, the mission field, and proposals for world peace and cooperation and a proposed congress of churches will be among the subjects discussed at the convention.

Secretary of State Bryan is expected to arrive here today to attend the meeting at the gate.

Seeking to Eat
The old saying is that "cats would rather eat than eat." During these times reported that darkies in the white men are stealing. There is much evidence that the man's instinct for food is stronger than his for law.

Speaker Clark's Prediction.
Commercial Appeal.

Congress convened yesterday. There was the usual incoherent proceedings which are always associated with the first day of the session. Confusion and disaster pave the way for actual business.

Speaker Clark predicts that appropriation bills will consume the whole time of the special session. He is a good judge of congressional possibilities and is thoroughly familiar with the congressional situation.

In many respects Champ Clark is better qualified to pass judgment on the future deliberations of congress than any other man connected with that important body.

It stands to reason that the appropriation bills will be disposed of before other matters are taken up. Legislation can wait, but the wheels of government must revolve. There must be revenue for this. The congressmen and senators must be paid and the various departments must be maintained. This can only be done by the passage of appropriation bills. This is why Congress will devote its attention to these appropriation bills first. Other measures will come later.

These bills have the right of way, and should have it. Should one or more of them fail at the present session an extra session will have to be called by the president. Uncle Sam must have his money. Politicians may wrangle and maneuver for partisan advantage, but revenues must be provided if the government is to be maintained.

Nobody wants an extra session of the new Congress. Business is looking for a rest from legislative activities.

Unfortunately, passing the appropriation bills in time will not make matters absolutely certain. The new Congress may have to be assembled to deal promptly with questions growing out of the war. As a nation we are somewhat at the mercy of fate. Our embarrassments as the result of war are already great, and they may grow. If they do not grow, if developments abroad increase the prospects of a hard time in this country, congress alone can deal with the situation. It is not necessary to cross a bridge until we get to it; and there may be no further European complications to embarrass this country. No extra session will be called unless it becomes absolutely necessary.

In the meantime, according to Speaker Clark, it will require the entire special session to dispose of the appropriation bills, and these bills must be passed at all hazards.

It doesn't matter so much whether the children of Belgium have Christmas presents, as it does that they have something to eat. But for the generous acts of the American people many of them might have gone hungry not only through the holidays, but for many more.

The cure for self-consciousness is to be more conscious of others.

No Occasion for Loss of Sleep.

Birmingham News.

In the light of what has been said with reference to a possible invasion of the United States, and the frightful consequences that might follow in view of the "weakness" of this country from a military viewpoint, it is interesting to recall some figures evolved in 1909 by a British subject relative to a possible invasion of England by the Germans.

In order to move 200,000 men, with guns, ammunition, horses, storage wagons, etc. along with food for three weeks, this statistician estimated that it would require every ship in the German merchant marine, including all those in service in Asian and Australian waters, and that the speed of this impossible fleet could not be more than twelve miles an hour.

If the estimate of this man was anything like correct, it requires no extraordinary flight of the imagination to see how impossible it would be to land such a force in a country three thousand miles removed. Even though sufficient ships could be secured to carry 200,000 men with their arms, ammunition, wagons, horses, food, forage, etc., it would take a navy like unto that of England to safeguard the passage and the fate of the expedition would be sealed once they landed, granting that the feat were possible of accomplishment. For, in spite of the English, the fact remains that there are enough men in this country to "lick" any army of 200,000 that ever was put in the field.

America has not been in danger of invasion in recent years, and the danger of such a thing has become more remote since the outbreak of the European war. The powers of the Old World will have had enough of war when the present trouble is at an end, and the drift of sentiment throughout the whole world doubtless will be in favor of smaller navies and smaller armies, rather than in favor of increased fighting facilities.

So, really, there is little reason for Americans losing sleep over the possibility of waking up some morning to find themselves surrounded by a foreign foe.

Co-operate—Don't Just Talk About Co-operation.

All around you, all the time, Mr. Farmer, there are opportunities for the sort of co-operation that will pay directly in cash—dollars and cents. Some opportunities that exist in nearly every neighborhood and are waiting for nearly every farmer in the South are as follows:

1. Almost every month and every week you buy some kind of farm supplies it would pay you to buy in co-operation with your neighbors.

2. You ought right now to be selling or storing cotton, tobacco, peanuts or apples in co-operation with your neighbors.

3. Having before us not only the golden opportunity but the imperative necessity for raising more livestock in the south, you should right now join with your neighbor to get royal-blooded breeding sires and to join in marketing animals or meats.

4. Read in this issue how neighbors in other sections are co-operating in the purchase and use of improved implements and machinery, and figure out the money-making opportunities you are missing here.

5. For marketing poultry, eggs, butter, fruit, vegetables, meats, etc., every farmer should be a member of some co-operative produce exchange, like that at Sylvester, Ga.

6. Every farmer should have his house and stock insured in some mutual insurance company.

profits will go back to the farmers.—The Progressive Farmer.

Birmingham News.

There are two sides to every question except the one you are leading the argument on.

If you are looking for a German victory, read an article with a Berlin date line, and the same with the allies.

The city health department should look into the typhoid fever cases in certain sections of the city. There is but little excuse for typhoid fever, when modern methods are taken to prevent its spread. There is some local cause, evidently.

We have always admitted that killings were too common in Houston county. We have had a full fledged county for ten or twelve years, and not a single hanging, and, probably as a result, the killings grow in frequency. A start must be made on some one.

An out of town lady wrote a kinsman: "Oh, you have so many killings in Dothan. I see from the papers where you have just had another." To which the Dothan lady replied by mailing the front page of one of the papers, containing three shootings, with the comment: "Which one do you refer to?"

Smith & Morgan

REAL ESTATE SPECIAL
WEDNESDAY DECEMBER 9th, 1914

Get It Out of the Ground!

Recently one of the foremost financial writers of Wall Street made this significant statement:

"The most hopeful feature of the situation in our country today, is the widespread movement from the cities and towns to the farms. It is becoming increasingly evident to every one, that next year and probably for several years to come, Europe will drain our country of food supplies, thus creating a high, cash market for staple food crops and meat supplies."

We recommend this statement to the people of Dothan and surrounding section.

If there is any possible way you can secure a small farm—GET IT—start to planting something right away, and next year look to your farm for your meat, lard, potatoes, corn, peas, vegetables and fruits.

We can secure a place for you on easy terms, or if you have no cash, we can use other property as collateral. If you have anything of the kind and want a farm, see us immediately. We call especial attention to the following:

SCHEDULE NO. 1.

20 acre farm one mile out on West Main street. Fine land, all stumped and nicely fenced. Every inch cultivatable. Nice new dwelling, papered and well arranged. The house is also screened and is a modern city dwelling, recently built at a cost of \$1500.00. See us for price. We can use Dothan property in part exchange for this property.

SCHEDULE NO. 2.

8 acres close to city limits on Headland Avenue. Fronting the big, graded road, and the choicest site around Dothan for a suburban home. Fine location to build upon, with big, fine shade trees. Price \$1250.00.

We can sell this practically on time to responsible party. We unqualifiedly recommend this. In a few years it will be worth almost anything the owner would ask for it, simply because it is practically impossible to duplicate around Dothan.

SCHEDULE NO. 3.

40 acre farm one mile out on graded Cottonwood road. This is a splendid farm, will always be in demand, and can be bought now for 25 per cent under its value.

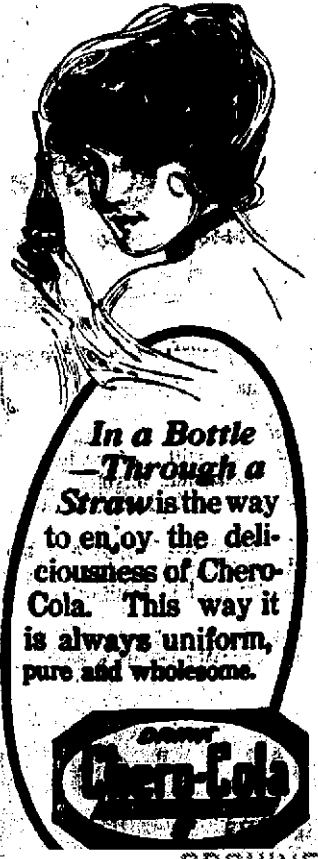

Price \$35.00 Per Acre.

We can give liberal terms, or if you desire we can use other property in lieu of cash.

Talk to us about it. We can locate you on any kind of farm you desire.

In a Bottle—Through a Straw is the way to enjoy the deliciousness of Cherry-Cola. This way it is always uniform, pure and wholesome.

DRUNK ON CANE BEER. NEGRO STABS ANOTHER

After chasing two negroes in the vicinity of Frogtown, one of whom avoided injury by breaking open a window and hiding in a house, Charlie Griffin, a country negro, who is said to have come to town drunk on cane beer, reached the climax of his escapade by stabbing Abraham Smith, a negro, in the breast. It is feared that Smith will not survive the wound.

The difficulty occurred near the Methodist church in Frogtown last night between 12 and 1 o'clock, and Police Officer Reeves investigated the case. After wielding his knife so effectively, Griffin fled and has not been captured. The police are working upon the case, and expect to capture the negro who lives in the country, where he may be in hiding.

SPARRING BOUTS CEASE UPON SHERIFF'S ORDER

Sparring bouts which have been taking place daily on the tennis court, North Foster street, have been discontinued following instructions issued by Sheriff Ben O. Hay. Some peaceful citizens had been told that he could

POSTPONED TILL NEXT SATURDAY

Prof. J. B. Hobdy, State Rural School Agent, and the County Board of Education are invited.

On account of the depression among the teachers from the State's not meeting his payments as due last Saturday only about 25 or 30 teachers were present at the court house last Saturday morning in the Reading Circle meeting. Consequently, because of the value and importance of the subjects on the program, the meeting was postponed one week and the Reading Circle will be called to order promptly by the president at 10 a. m. Saturday, December 12. The same program will be used.

It was also decided at this meeting to invite the Board of Education to meet with us. Prof. J. B. Hobdy has also been invited.

Because of the unusually good program, the presence of these distinguished guests, and the fact that this is the last meeting for 1914, an exceptionally large attendance is expected.

O. O. Tolleson,
Rural School Supervisor.

EASY TO DARKEN YOUR GRAY HAIR

You Can Bring Back Color and Lustre with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally so evenly. Preparing this mixture though at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.

HAS PEGLEG CAUGHT YOU YET?

There is a pegleg tramp nigger working Dothan and he could give lessons to the most experienced hobo in the country.

His scheme is to tell you "Boss, I ain't had a mouthful of eat today, and jes can't git no work to do." He then makes the humble suggestion that you let him have enough money to get a lunch.

You probably couldn't get him to work unless you lassoed him and stood over him with a rattling gun.

The other day a man on the way to his dinner was accosted by Pegleg and his hard luck story related. "All right," said the man, "just follow me and when we get to my house you fall in at the wood pile and get busy and a good dinner will be forthcoming." Pegleg followed for about two blocks when the man who was to furnish the dinner, and much to Pegleg's distaste, the work looked back: the hereinbefore mentioned Pegleg was not visible to the naked eye. He had turned a corner and given the skip to the man with warm dinner and the cold wood pile.

His heart-breaking story of near starvation and lack of work has touched many Dothan peo-

NOW THIS MOTHER GOT STRENGTH

Mrs. Eddy Had Only Three in Family, Yet Was So Nervous and Worn Out Could Not Do the Work.

Fair Haven, Vt.—"I was so nervous and run-down that some days I could not do my housework for my family of three. My nerves were very weak and I had pains around my heart. I had doctor for about two years without help. One day a Vinol booklet was left at our door and I decided to try it, and thanks to Vinol my health has been restored, so I can do my work once more."

"I have told my neighbors about Vinol and shall always praise it for what it has done for me."—Mrs. JAMES H. EDDY, Fair Haven, Vt.

What Vinol, our delicious cod liver and iron tonic without oil did for Mrs. Eddy it will do for every nervous, weak, run-down man or woman in this vicinity. Vinol creates an appetite, re-establishes perfect digestion and makes good pure blood. In this natural manner it builds up the run-down, weak and debilitated, and replaces weakness with strength.

Try a bottle with the understanding that your money will be returned if it does not help you.

N. H. McCallum, Druggist.

VETERANS.

All old soldiers wanting crosses of honor must have their applications in the hands of the president of the Dothan Chapter U. D. C. before the nineteenth day of December, 1914. Crosses of honor will be conferred on the nineteenth day of January, 1915.

Mrs. R. T. Ghent,
President U. D. C.

FIRST BLAKELY MAYOR DIES IN THAT CITY

Dr. R. E. Ewell, age 83, the first mayor of Blakely, Ga., died in that city yesterday while on a visit to his granddaughter, Mrs. Gay. The cause of his death was heart failure. He had been visiting in Blakely since September, but his home is in Richmond, Va., where his wife was at the time of his death. Mr. Ewell had been married three times, and is survived by his wife, and by a son who is chief surgeon in the Ben Hur hospital in Indiana, and he also has a daughter at Panama City, Fla. He was one of Blakely's pioneer citizens.

MALCOLM INGRAM ARRESTED ON GRAND JURY INDICTMENT

Malcolm Ingram, who lives near town, has been arrested on an indictment returned by the grand jury charging first degree murder. It will be remembered that Ingram shot Zolzie Bryson, a negro, in Frogtown, following a difficulty of some kind concerning cotton pickers this fall.

REDUCE HOUSE- HOLD EXPENSES!

Make Your Own Cough Medicine

The difference in buying one of the most efficient, latest and up-to-date cough and cold remedies (which can be made at home), and buying the old, ordinary, ready-made kind, is that with the new one you get all pure medicine, instead of buying a large proportion of sugar and water, besides paying for bottles, corks and labels; and it usually requires 2 to 3 bottles of the old-fashioned, ready-made remedy to break up a cough or cold, while 2 ounces (50 cents) of Schiffmann's new Concentrated Expecto-rant, which is so strongly concentrated that 2 ounces, when mixed at home with simply one pint of granulated sugar and one-half pint of water, make a full pint (16 ounces) of excellent cough remedy, and will be sufficient to probably last the whole family the entire winter. It positively contains no chloroform, opium, morphine or other narcotics, and is so pleasant that children like to take it. Arrangements have been made with drug store named below to refund the money to any person who finds it does not give perfect satisfaction, or if it is not found the very best remedy ever used for coughs, colds, bronchitis, croup, whooping cough and croup. You will be the only one, and under the positive guarantee by these druggists, absolutely no risk is run in buying this remedy. You can have by N. H. McCALLUM.

Wanted—Good milch cow, will pay \$1.00 per month for use of good milch cow fresh in milk, good pasture, good feed and attention. Also want to buy two good mules. Call Hastings, phone 40.

For Sale—House and lot, well

LIFE IS REAL—WANT ADS.

Life is what we make out of it, and if we fail to make the best of the situation that is confronting us today we have failed to appreciate life as we should, and especially is this so when you continue to PAY HIGH RENTS when you could OWN YOUR OWN PROPERTY by paying this rent money as a payment on a home.

We have some ideal homes that we can sell with A SMALL CASH PAYMENT, and the remainder paid just like you was paying rent, and if you are awake to the true situation you will change your tactics and consider THE FUTURE instead of THE PRESENT.

WHY?

When he was a little boy o' mine
And e'en before he came,
I thought of him as a hero brave
A man who'd win a name.

The little hands that cling to mine
I taught to work alone,
The little mind I taught to think
Without depending on my own.

I made his little body strong,
I made him brave and true,
Although I knew that all the while
From me he further grew.

Then why should I be sorrowing,
His country's call has come?
Oh, why should I not feel my pride?
He bravely leaves his home.

His land is what I trained him for
So why should tears fall fast?
The man-child that I gave to me
Goes forth to serve at last!

As strong as any mother's son
I watched him ride away
Yet why do I keep thinking him
My little boy today?

Long years it's been since I last
Heard
His voice in childish key,
And why do I keep hearing now
A little cry for me?

Was sweet to hold his baby form
(How safe he was with me!)
But ever in my mind I hold
The man that was to be.

And now how fades that vision bright,
This thought of him, in pain!
Ah, why can I but see instead
My little boy again?

Kate Porter.
Greenville, Ala.

The above poem was written by
Betty Greenville girl. It was
sent to Mrs. Porter's stay in
the summer that she brought in touch with
the poetess. It was

soldier boys called to the front,
that inspired the above lines.

Fate Jones

Mr. William West Jones, announces the engagement of his daughter, Willie West to Mr. Francis Bonner Sale, the marriage to take place at 8:30 o'clock on the evening of Tuesday, December 15, at his home in Cloverdale.

This announcement is of much interest, owing to the prominence and popularity of both young people. Miss Jones is a charming girl, and by her vivacious manners and sunshiny nature has won many friends. During her young ladyhood she has been unusually popular, not only in Montgomery, but in New York, where she spent one winter and in other cities, where she has visited. Miss Jones is one of Montgomery's most talented dancers, and at the many dances, given always, elicits the admiration of the guests on accounts of her graceful dancing.

Mr. Sale is a native of Fort Wayne, Ind., but has a host of warm friends in Montgomery, where he made his home for two years, leaving here only a year ago for Mobile, where he now resides. He holds a responsible position with a large hardware and machinery firm in that city.

The wedding was to have taken place in April, and to have been a brilliant church affair, but owing to the recent death of Mr. Sale's father, it was decided to have a quiet home wedding, in the presence of relatives and intimate friends. After a wedding trip, Mr. Sale will take his bride to Mobile, where his many friends will welcome her most cordially.—Montgomery Advertiser.

The above announcement will be of interest to the many friends of Miss Willie Jones, who has often visited her brother and sister, Mr. and Mrs. John Ray Jones.

Mr. and Mrs. Charlie Anderson and son will arrive next week from North Carolina, to visit

New Century—Club

Mrs. R. C. Williams was the charming hostess to the members of the New Century Club, on Tuesday afternoon. The parlor and reception hall were artistically decorated in narcissi, and poinsettias, in the dining room a lovely begonia formed the centerpiece on the handsome table; here a tempting plate luncheon was served after the program.

The meeting was presided over by the president, Mrs. C. E. Harmon. It was voted to give the money spent for refreshments to the Salvation Army, to be used for the poor, and to be collected by February 1st.

Mrs. E. F. Moody, Mrs. E. N. Passmore and Mrs. F. B. Culver were appointed on the Prospective Committee for next year, with Mrs. Moody as chairman.

The following splendidly prepared program was enjoyed:

Roll Call: Quotations from Hugo.

Paper: Golden Ages of French Literature, Mrs. G. H. Malone.

Music: "Caprice," (Greig)

Mrs. H. G. Forrester.

Descriptions: Battle of Waterloo, Mrs. W. R. Chapman.

Reading: "Eye of the Battle of Waterloo," (Byron) Mrs. M. A. Ellison.

Club Discussion: Cosette, books I and II. Mrs. J. M. Stevens.

Honor For Popular Dothan Girl

At the Reception given the visitors to the Alabama Federation of Women's Clubs recently held in Montgomery, the hand painted seven card cards were the work of a Dothan girl, Miss Estelle Green, now a student in the Woman's College in Montgomery.

Miss Green has been selected as the artist for the School Annual for 1914-15. This is one of the highest honors given at Woman's College.

Bazaar Held Thursday

The Annual Bazaar and oyster dinner of the Foster Street Missionary Society will be held this week, beginning Thursday, at the vacant store in the Porter-Farmer Building next to the Palace Theatre.

Oyster dinner will be served each day. Every one is cordially invited.

Oyster Dinner and Bazaar

The ladies of the Foster Street church will give an oyster dinner and Bazaar commencing tomorrow in the building on North Foster street, next to the Palace Theatre. Oysters will be served any style and numerous useful things suitable for Christmas gifts will be offered for sale. It

"Egg-Twist" Latest!

The egg—the mellow egg of cold storage vintage mayhap—is Dime Fashion's latest model for hairdressing, and the newest twist, the very latest fluff in the hair dresser's art, is the oval, close fitting "egg twist."

It was at the annual convention of hairdressers that the new "twist" was hatched, and, tho other modes—the French twist, the "Russian roll," and the Chicago fluff—offered competition, they were all tossed, so to speak, into the bureau drawer and the newly hatched "egg twist" went chirping on its way to popularity.

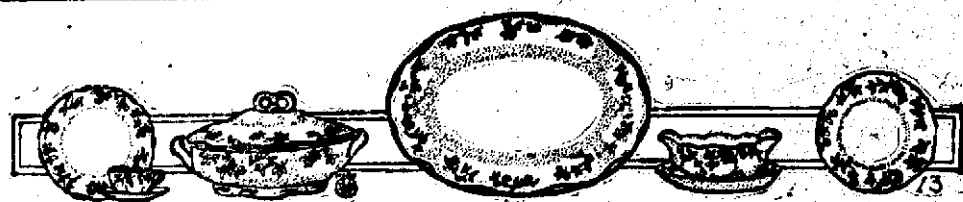

The "egg twist" is a modification of the popular "French twist." The "crown of glory" is piled on the head; the point of the glistening peak is placed just opposite the point of the chin; the hair is pulled down close to the head until it forms a perfect oval, as egg like an "egg" as ever sheltered an Easter chick.

The French twist or the "St. Gene" style of hairdressing ran second in popularity to the "egg twist," but every model shown in the convention exhibit proves that the close fitting, high arrangement is the correct thing in coiffures.

Mer, has instituted habeas corpus proceedings through counsel and the hearing will be held before Probate Judge A. C. Crawford Friday morning at 10:00 o'clock.

FINANCIAL WORRIES

The City Board of Education is worrying over the question of financing the Dothan City School. The state school funds are short, and there is a distressing lack of funds in the city's coffers, and the members of the board are wondering what will be done about the matter. The idea of discontinuing the schools have never been entertained, and some way of financing the project will be devised.

Melvin Harrison, of the Greenville (Pla.) Advertiser was a caller at The Eagle office today.

How to Treat Croup Externally

Rob Vick's "Vapo-Oxol" Cream and Pneumonia Salve well over the throat, and chest for a few minutes and then cover with a warm flannel cloth. Leave the covering loose around the neck so that the vapors inhaled may loosen the choking phlegm and open the air passages. Usually one treatment relieves in fifteen minutes. One application at bedtime will prevent a night attack. Vick's will be found better than internal remedies for all inflammation of the air passages from head colds and croup down to bronchitis and incipient pneumonia. Three sizes—50c, 75c and \$1.00.
